COPIED FROM “HOW TO DEVELOP A POWERFUL PRAYER LIFE” BY DR. GREGORY FRIZZELL

On behalf of the planners and volunteers of VBS (Hometown Nazareth—Where Jesus was a Kid). THANKS for the prayers and help provided (food, supplies and everything else) that goes into putting on an awesome VBS for 65+ children the week of June 15-19. The weather did not always cooperate but the Holy Spirit was always cooperating.

As the Harrodsburg United Methodist Church prepares to celebrate its 175th anniversary, anyone who is reading this (!) is asked to contribute any items that relate to the history of this church. Certain items of interest, however, may be temporarily loaned (and returned in good condition) in order to be copied for the church archives.

Plans are to document and file all items for safekeeping. Examples would include: programs, newspaper and magazine articles, minutes of meetings, photographs, etc.

Several committees for this celebration weekend - December 5th and 6th - will soon be formed. At this point in the planning, we have identified four committees: Publicity, Hospitality, Program (with histories and pictures) for the Sunday Celebration Service, and "Display" (to be explained in a future Steeple)! Something for everyone!

Please let the pastor know of your interest. Suggestions and ideas are solicited and will be welcomed.

UMC #GivingTuesday Gifts Make Education Possible in Belize By Judith Santiago*

Last year on UMC GivingTuesday, United Methodists collectively raised more than \$2.5 million online through The Advance. The event demonstrated a generous, unified front in supporting mission and ministries around the world, and maximized the impact of giving in one day.

This story is one example that demonstrates the work that is possible when Methodists are united. Located on the eastern coast of Central America, Belize is a nation rich in culture and Mayan ruins. But, in regards to education, only 45 percent of youth attend school beyond the primary level. A lack of secondary education is a concern for Lisa Williams, who serves as a volunteer coordinator for the Belize/Honduras District of the Methodist Church in the Caribbean and Americas. She states, "There was a time when Belize had a very high literacy rate as compared to surrounding countries.

When Belize became an independent nation in 1981 there was a lack of priority in the new government in regards to secondary school. The country grew and the building of new schools did not keep up, in particular the schools for secondary education." But, thanks to last year's UMC Giving Tuesday donations made through The Advance to the Belmopan Methodist High School, Advance #3021922, a new high school providing secondary education will soon be completed in Belmopan, the capital city of Belize.

The construction of the school will impact approximately 380 children, 20 teachers, including community vendors who market their food items near the school - See more at: <http://www.umcmmission.org/learn-about-us/news-and-stories/2015/june/0618giftsimpactstudents#sthash>.

The generous Giving Tuesday donations were used to purchase construction materials and to hire locals, thus providing jobs to area residents who worked alongside dedicated [United Methodist Volunteers in Mission \(UMVIM\)](#) in the school construction project.

In a letter of gratitude to Global Ministries, Bishop Roosevelt Papouloute, chairman of the board of Belmopan Methodist High School, stated, "Your commitment is a clear demonstration of God's love through you to the young men and women of Belize who are already attending the school, and to the many generations to come."

Nelson Amador, a student of Belmopan Methodist High School, is one example of the many students impacted by UMC #Giving Tuesday donations:

"I was raised in an economically poor family, but perhaps rich in desires for educational development. My parents came to Belize from Guatemala looking for better opportunities and my mom desired for us [the family] to learn English. They got nationalized as Belizeans and worked on our education. When I finished primary school in 2009, even though I wanted to, I couldn't make it to high school because my parents could not afford it. But, on my last job, I met Mrs. Rose Binfield who promised to sponsor my education. Later, I was accepted at the Belmopan Methodist High School. I am so thankful to God for this school and for everyone that has made this opportunity possible for me."

A large number of the schools in Belize are church built and maintained because there is a church/state relationship in the management of the schools, according to Williams. The government pays most of the teacher salaries while the church maintains the property in most cases.

"There is actually no other place in the world that the education system is set up quite like Belize," said Williams. "It has good points and bad, but one good point is the Methodist schools are able to incorporate Christian faith and values into the curriculum."

The school is expected to be in full operation by fall 2016 as one half of the L-shaped complex is currently completed.

You can support [Belmopan Methodist High School, Advance #3021922](#) with your gifts and provide hope and a future for inspiring young leaders like Nelson Amador or others like him.
